In a decision mailed 08 April 2002, this Office dismissed applicants' renewed submission under 37 CFR 1.42. Specifically, the renewed submission included a declaration which did not identify all the inventors and which could not be read in combination with the previously filed declaration.

On 31 May 2002, applicants filed the "Response To Communication" considered herein as a second renewed submission under 37 CFR 1.42. This submission included a revised declaration executed by Akira KAMIYA as legal representative and sole heir of deceased co-inventor Takeo KAMIYA, it included the required citizenship and residence information for the legal representative and the deceased inventor, and it set forth the names of all the inventors.

The revised declaration filed 31 May 2002 is accepted under 37 CFR 1.42 and 37 CFR 1.497. Because the 31 May 2002 declaration was submitted later than twenty months after the priority date, Deposit Account No. 14-1270 will be charged the applicable \$130 surcharge.

The application is being forwarded to the National Stage Processing Branch of the Office Of PCT Operations for further processing in accord with this decision. The 35 U.S.C. 371 date is 31 May 2002.
